Triple Threat to Equity:

Changing Priorities for Toronto Schools

The Ministry of Education provides additional funding to school boards to support students who study English as a second language and students living in poverty. However, the Toronto District School Board, like many Boards across the Province, uses much of this funding on other purposes.

Join us in launching a campaign to get the TDSB to spend these funds on programs and supports that provide equitable learning opportunities for our City's most underserved students!

Date: Monday, May 6th, 2013

Time: 6:30pm – 8:30pm

Location: Metro Central YMCA
20 Grosvenor, Toronto
